USA Patriot Act

■ IMPORTANT: REQUIRED MATERIAL – PLEASE READ

Thank you in advance for your cooperation and support.

The USA PATRIOT Act, (Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act), was signed into law on October 26, 2001. Since then, the Department of Treasury issued the final regulation for Customer Identification Programs for Financial Institutions. As a broker-dealer, Superfund USA, Inc. is required to establish several new procedures to detect and report suspicious transactions and ensure compliance with the Act. In addition to designating a special compliance officer, employee training, and independent audits, Superfund must obtain either a copy of a driver's license or a valid government issued identification card. In addition to this, Superfund's database will be compared to a list provided by the Office of Foreign Assets Control ("OFAC") of the Treasury Department.

In summary, please provide a copy of a driver's license or valid government issued ID with your new account forms.
